

Programm of the international conference "Education for Plant Literacy"

20.11. 2024 Hluboká nad Vltavou, Czech Republic

8:30 - 9:30						Registration, welcome coffee											
9:30 - 10:00						Conference opening and welcome by the rector of the University of South Bohemia in České Budějovice Prof. Ing. Pavel Kozák, Ph.D.											
						Renata Ryplová, University of South Bohemia in České Budějovice, Why Education for Plant Literacy? ERASMUS+ project „Education for Plant Literacy"											
10:00 - 12:00						Plenary Lectures											
						10:00 - 10:30		Dr. Alexandros Amprazis, Ph.D.		Shifting Educational Paradigms: Plant Awareness as a Foundation for Sustainability		University of Western Macedonia, Florina, Greece					
						10:30 - 11:00		Dr. David Ellison		Should We Really Only be Concerned with Carbon and Biodiversity?		ETH Zurich, Swiss					
						11:00 - 11:30		Ing. Michal Kravčík, CSc.		Breakdown of the short water cycle as a consequence of plant illiteracy.		"Ludia a Voda"/ People and Water, "Water holistic" Slovakia					
						11:30 - 12:00		Benno Dünser		Conceptualisation and assessment of plant awareness		AECC University of Vienna, Austria					
12:00 - 13:00						Lunch											
						Forum of ideas and best practices - 1st part personal presentations leaders: Jan Pokorný and Martin Lindner											
13:00 - 14:30						13:00 - 13:10		Jan Pokorný , Renata Ryplová, Petra Hesslerová		How to teach about air-conditioning function of vegetation		ENKI, o.p.s and University fo South Bohemia in České Budějovice, Czech					
						13:10 - 13:20		Miro Kummel (<i>online presentation</i>)		Why is the meadow cool ? Using the Bowen ratio method of estimating H and LE fluxes in a bio-meteorology field class in Colorado, USA.		Colorado College, Colorado, USA					
						13:20 - 13:30		Martin Lindner et al.		How to make the life of plants interesting for teenagers - Teaching on plants for secondary schools		Martin Luther University, Halle-Wittenberg, Germany					
						13:30 - 13:40		Ilkka Ratinen , Ulla Kemi		Overcoming plant blindness at primary school – new teaching material		University of Lapland, Rovaniemi, Finland					
						13:40 - 13:50		Nic Pacini		Of Papyrus and Men: born as neighbours in the East African homeland		University of Calabria, Italy					
						13:50 - 14:10		Yvor Broer		Stories we tell and stories we could tell; inspiring interest and curiosity in plant education.		In Dialogue , the Netherlands					

	14:10 - 14:20	Julia Zdunek , Jörg Zabel	Tell me more! - Writing Narratives to Foster Plant Awareness	Leipzig University; Faculty of Life Sciences; Biology Education		
	14:20 - 14:30	Eveline Neubauer (<i>poster presentation</i>)	Certificate Course Horticultural Therapy Masterprogramme Green Care	University College for Agricultural and Environmental Education		
14:30 - 15:00 Coffee break						
Forum of ideas and best practices - 2nd part						
	online presentations, leader Renata Ryplová				workshops	
	15:00 - 15:15	Oier Pedrera , Oihana Barrutia José Ramón Díez	Are students' plant knowledge and sustainability decision-making related? A comparative study between model-based inquiry and traditional teaching	University of the Basque Country (UPV/EHU), Spain	Measuring air-conditioning function of vegetation (teaching/learning activities for lower/upper secondary school) Jan Pokorný, Petra Hesslerová , ENKI,o.p.s. CZ	What the people have learned from plants (teaching/learning activities for primary school) Jan Petr Faculty of Education University of South Bohemia, CZ
	15:15 - 15:30	Joanna Kacprzyk	Beyond the Green Backdrop: Exploring the Plant-Human Connection through Art	School of Biology and Environmental Science, University College Dublin, Belfield, Dublin 4, Ireland		
	15:30 - 15:45	Rosa Buonanno	Plants in a primary school as a tool to preserve multicultural urban traditional knowledge	University of Modena and Reggio Emilia, Italy		
	15:45 - 16:00	Karolína Vlasáková	Education for sustainability in Czech kindergarten: Example of good practice in kindergarten Semínko – Growing microgreens	The Faculty of Education, Jan Evangelista Purkyně University in Ústí nad Labem		
	16:00 - 16:15	Marcia Eugenio-Gozalbo , Inés Ortega-Cubero; Rafael Suárez-López	Improving attention towards plants. A proposal for an assessment instrument.	Faculty of Education of Soria, University of Valladolid, Spain		
	16:15 - 16:30	Sibel Balci	Why do We Have to be Aware of Plants for Sustainable Future: Importance of Plants in Achieving Sustainable Development Goals	TED University Ankara Türkiye		
16:30 - 17:30	Final Discussion (leaders Yvor Broer, Renata Ryplová)					
17:30	Dinner					
19:30	Conference closing
